MODULE

3

- Module structure
 - All aluminium module
 - Single piece aluminium sheet
 - High strength aluminium sections
 - Acid preparation on the exterior structures (enhance bonding)
 - High shear strength structural elastic adhesive assembly of the wall panels to the wall structure
 - 10 rubber mount points on module to chassis for improved noise and vibration performance
- Overall dimensions
 - 160" [4064 mm] long x 95" [2413 mm] wide
 - Interior headroom 68" [1727 mm]
- Door structure and accessories
 - Single piece aluminium sheet
 - Stainless steel piano hinges
 - Two (2) double stage rotary latches
 - "Trimark" powder coated door handles
 - Auxiliary emergency door release (2)
 - Drip rail over all doors
- Curb side configuration
 - One (1) door with access to: batteries, main oxygen cylinder, accessories and protective personal equipment
 - One (1) door with window for patient compartment access
 - One (1) door for backboards access
- Street side configuration
 - One (1) door for protective personnel equipment access
 - One (1) door for equipment/electrical panel access
 - One (1) door for spare tire and storage access
- Rear configuration
 - Two (2) patient compartment doors, each with individual exterior door handle and window

PAINT DECALS AND LETTERING

4

- White "Tristar" exterior paint : High built polyurethane surface paint over epoxy primer and two (2) acid stabilizing treatments to prevent galvanic/corrosion and provide high adhesion for epoxy primer.

PATIENT COMPARTMENT

8

- Materials
 - Flooring: 3/4 in. (19mm) exterior grade plywood
 - Slip resistant, bacteriostatic and anti-static floor covering material; .098 in. (2.5mm) thickness rolled-up 3 in. (75mm)
 - Powder coated aluminium and fiberglass interior finish
- Configuration
 - Full medical cabinet (500)
 - ▶ Aluminium extrusion structure
 - ▶ Fiberglass/aluminium storage areas
 - ▶ Flip up window frame on cabinet
 - ▶ One (1) lockable compartment
 - Single cot configuration with squad bench (243)
 - Ferno rolling main cot fastener (cot not included) (502)
 - Squad bench for 3 passengers, safety belts and thermoformed molded cushions, accepts FW #9 stretcher (102) without cabinet over squad bench (112)
 - Action wall console (ECC)
 - ▶ Switches and commutators
 - ▶ Fluorescent lamp
 - ▶ Rear speaker volume control
 - ▶ Temperature control with automatic setting
 - ▶ Power inverter control panel
 - Flip down bio hazard container on the squad bench with hands free open device, wall mounted on dual cot (697)
 - Attendant seat with safety belt (100)
 - ▶ Swivel base
 - ▶ Thermoformed
 - ▶ Left armrest (561)
 - Sliding window on partition with cargo net
 - Three (3) adjustable shelves at rear, curbside (709)
 - Fluorescent lighting package
 - ▶ Low and high intensity fluorescent light (4)
 - ▶ Low and high intensity patient compartment dome light (4) with 10 seconds delay shut off
 - ▶ 0-15 minutes programmable timer on LCD display for halogen dome lights
- Accessories
 - Electric door lock on all module doors
 - Two (2) electric door lock/unlock switch located near side/rear right door
 - Door hold open device
 - Chrome grab bar package (638)
 - ▶ Two (2) entry chrome grab bar
 - ▶ Three (3) door mounted grab bar
 - ▶ Chrome hand-rail on ceiling 60 in.
 - Safety net (050 or 150)
 - Rear compartment retaining net (349)
 - Separate air conditioning unit
 - Separate heating unit
 - Auxiliary heating unit "ESPAR" "AIRTORNIC D4" 13500 BTU (703)
 - Analog clock (battery powered) (055)
 - Two (2) exhaust fans for contaminated air
 - Suction pump with disposable canister
 - Fire extinguisher (5 lbs) ABC with heavy duty bracket
 - Four (4) recessed/flexible IV hooks in ceiling
 - Needle container in ECC (624)
 - Two (2) incubator tie down (640)
 - Two (2) recessed radio speakers in patient compartment
